4th International EUMOS Symposium

on cargo securing, transport packaging and safe logistics

Austrian Federal Economic Chamber, Vienna

EUMOS is the international safe logistics association with head offices in Brussels and representations in most European countries. The annual International EUMOS symposium on cargo securing, transport packaging and safe logistics is known as the major event on this subject in Europe. The 2015 edition is a cooperation between EUMOS and Austrian Federal Economic Chamber (WKÖ) with scientific support from KU Leuven.

2015 is the first year under the new European Commission and the new European Parliament. The decrease in road casualties lost its dynamic and additional efforts to reach the long term targets are required. All parties dealing with road transport have to be involved in further increase of safety.

During the 2015 edition of the EUMOS symposium, European decision makers and technical experts present the novelties and innovations related to legislation, standards, inspection and the state of the art technology. The congress focusses on packaging managers and designers as well as on safety supervisors, cargo securing trainers, lawyers, ... This 4th edition is extremely interesting for the senior management of all companies that ship their products over the European roads. The responsibilities of all parties involved are discussed in detail by several speakers. The winners of the EUMOS safety awards will be honoured during the symposium dinner.

SYMPOSIUM VENUE

The Austrian Federal Economic Chamber is the legal representative of all Austrian businesses drawn from the areas of crafts and trades, industry, commerce, banking and insurance, transportation and communications, tourism and services industries. Altogether, the organisation comprises about 450.000 member businesses. The Austrian Federal Economic Chamber represents the common interests of Austrian businesses vis-à-vis all policy makers at national, European and international level in all issues concerning the economic sector to promote the economy and to communicate knowledge considering its socio-political responsibility.

FIVE GOOD REASONS TO ATTEND

1. Get an up to date view on the latest developments in cargo securing and transport packaging
2. Presentations on road side inspections by responsible police officers
3. Different sessions focusing on management information or technical information
4. Networking opportunities with delegates from around Europe
5. Translation English – German provided

FOR PRACTICAL REASONS THE NUMBER OF PARTICIPANTS IS STRICTLY LIMITED
FIRST COME, FIRST SERVED

PROGRAMME

Thursday November 19, 2015

Session on legal aspects

- | | |
|--------|---|
| 11.00h | Welcome and introduction
Mr. Wolfgang Neumann – President of EUMOS |
| 11.15h | European road safety policy
Mrs. Emese Vida – Policy officer, EU road safety unit |
| 11.30h | Europe needs safe, competitive and sustainable transport networks
Mag. Alexander Klacska – Chairman Transport and Logistics Division, WKO |
| 11.45h | Current methods of inspection in Poland and the way towards implementation of the EU directive 2014/47
Mrs. Katarzyna Piechowska-Strumik – Deputy Director, General Inspectorate of Road Transport, Poland |
| 12.15h | Well-performing Transeuropean transport networks need common rules and high awareness
Dr. Bernhard Haid – Lawyer, Austria |
| 12.45h | Lunch |

Session on transport packaging products

- | | |
|--------|---|
| 14.00h | Testing and optimisation of transport packaging
Mr. Jelle Dendauw – CEO of ESTL |
| 14.30h | Novel high performance film solutions for highly demanding load stability requirements
Mr. François Chambon – PE Market Development Manager, EMEAF, ExxonMobil |
| 15.00h | Integrated load security concept for heavy duty shipping bags
Dr. Lennart Ederleh – Technical Sales Director Extrusion Equipment, WUH |
| 15.30h | Coffee break |

Session on transport safety

- | | |
|--------|---|
| 16.00h | Best practice guidelines for safe (un)loading of road freight vehicles
Mr. Marc Twisk – Managing Director of ECTA |
| 16.30h | How to cope with bulging due to non-rigid cargo
Mr. Bart van Rens – Manager Fleet control, Ewals Cargo Care |
| 17.00h | Requirements to truck stability for transportation in the chemical industries
Mr. Gerd Labinsky – Manager Logistics Safety, Evonik |
| 17.30h | Enforcement of the EU Legislation on Cargo Securing (Directive 2014/47/EU)
Mr. Holger Lemmer – Police Officer of Tispol |
| 18.00h | Conclusion |
| 20.00h | Symposium Dinner |

PROGRAMME

Friday November 20, 2015

Session on creating awareness

- 9.00h Right choice of transport mode, packing and load securing to optimise the safety of logistic chains
Dr. Stefan Ebner – Deputy Managing Director Transport and Logistic Division, WKO
- 9.15h Qualification and training improve road safety
Herbert Wiedermann – Chairman Austrian Driving Schools Association
- 9.30h Stability of lashing points in ISO-containers / new calculations
Capt. Axel Trotter – Vice-President of EUROSAFE GmbH
- 9.50h Comparison of cargo securing education in Austria
Mr. Ing Reinhard Koller – CEO of Cargo Safetytec

10.20h Coffee Break

Session on innovative cargo securing

- 10.45h How we can fight against "As we have always done"?
Mr. Richard Biaud – R&D Manager, Forankra
- 11.15h Cargo securing innovations and equipment + case studies
Mr. David Parrin – Senior CKC Advisor, Cordstrap
- 11.45h Transport packaging innovations
Mr. Stuart Roberts – Executive Director Business Development and Markets Europe, Sealed Air

12.15h Lunch

Session on transport packaging machinery

- 13.30h Investigation on stretch film efficiency on pallet unit load stabilization
Dr. Alexandros Skouras – R&D Manager, M.J. Maillis
- 14.00h Cube technology wrapping and cycle optimisation to ensure load securing at the most sustainable way
Mr. Enrico Aureli – Managing Director, Aetna Group
- 14.30h The importance of film forces in relation to load unit stabilization
Mr. Horatiu -Aurelian Martin – Sales Director, ARODO
- 15.00h Advantages of Stretch hood solutions
Mr. Christian Bocedi – Bocedi
- 15.30h Case study of the behavior of FIBCs (Big Bags) under static and dynamic loads
Mr. Kamil Klonecki – Fachgebiet Fahrzeugtechnik TU Darmstadt

16.00h End of symposium

Practical Symposium information

- Organization: EUMOS
Jules Bordetlaan 164
B-1140 Brussels, Belgium
tel: +32 9 267 27 19
mail: symposium@eumos.eu
- Date of the symposium: November 19 and 20, 2015
- Registration: The registration fee includes attendance at symposium sessions, lunch and coffee breaks on both days and a set of symposium proceedings.
- Registration fee: € 650 for both days
€ 490 for EUMOS members
information on membership: www.eumos.eu/become-a-member
- Symposium dinner: All delegates are invited to attend the symposium dinner. This dinner will take place at a Viennese restaurant on the first evening. The additional cost is € 75.
- Symposium location: Austrian Federal Economic Chamber (WKO)
Wiedner Hauptstraße 63
1045 Vienna
Austria

Delegates are responsible for arranging their own transport and accommodation.
